

- NATURAL STONE
- GRANITE
- MARBLE
- AGGLOMERATES
- TERRACOTTA AND ABSORBENT MATERIALS

### WHAT IT'S FOR

- Anti-efflorescence protector to apply to the back of tiles or slabs of absorbent materials.
- It stops contaminants rising up from the substrate to the surface of the material (salts, tannin, metals, etc.) preventing the formation of streaks and/or stains.
- Protector to apply before installation.
- Specific product for natural stone, granite, marble, agglomerates, terracotta and absorbent materials.

### ADVANTAGES

- Stops efflorescence, contaminants and blocks the formation of surface streaks and stains.
- Does not form surface film and allows the treated material to breathe.
- Does not affect bonding. (UNI EN 1348-2009 standard).
- Water-based VOC-free product.
- Permanent protection.
- Ideal for floors, stairs and coverings.

### HOW IT'S USED

**Product is ready to use**  
(no dilution required).

**Application:**

Thoroughly clean the back of the tile or slab, removing dust and residues. Apply the product continually and evenly to the back and side of the dry material, using a large flat paintbrush or airless pump and avoiding pooling.

Leave to dry for about 24 hours before installing the floor.

#### COVERAGE

**With one litre (1,06 QT):**

**10/15 m<sup>2</sup> (107/161 sq ft)**

"Coverage rates are approximate and refer to a single coat of the product"

### Packaging

5 liter (1.32 US gal) flasks in box of 4.

**Warning:**

Do not apply the product to the front of the material if the surface is polished.

**COMPOSITION**

- Keep out of reach of children.
- Do not disperse into the environment after use.
- Protect can from frost.

**TEMPERATURE**  
between 41° F (5° C) and 86° F (30° C).  
Must be applied to material at temperatures between 50° F (10° C) and 86° F (30° C).

**COMPOSITION**  
Single component system with silicon organic compound base.

**LABELLING**  
DANGER: CAN BURN SKIN AND EYES.  
Contains Potassium Silicate. Keep out of the reach of children.  
Skin contact: Flush with running water. Remove contaminated clothing. Get immediate medical attention. Launder contaminated clothing before reuse.  
Eyes contact: Flush with running water for 15 minutes. Get immediate medical assistance. If swallowed, call a Poison Control Center or doctor.

**TECHNICAL INFORMATION**  
**Appearance:** liquid  
**Color:** colorless  
**Odour:** pungent  
**Density:** 1.014 kg/litre  
**pH:** 13  
**Flash point:** >140° F
